

Biomaneo

A single plate to facilitate the sharing of biological samples

NEOPLATE

Innovative Plate

Multi-well 96 plates for secure transport and analysis of DBS samples

Hole
communicating
with the main
well

Punch of
DBS trapped
in the main
well

Specific and
Innovative
lid

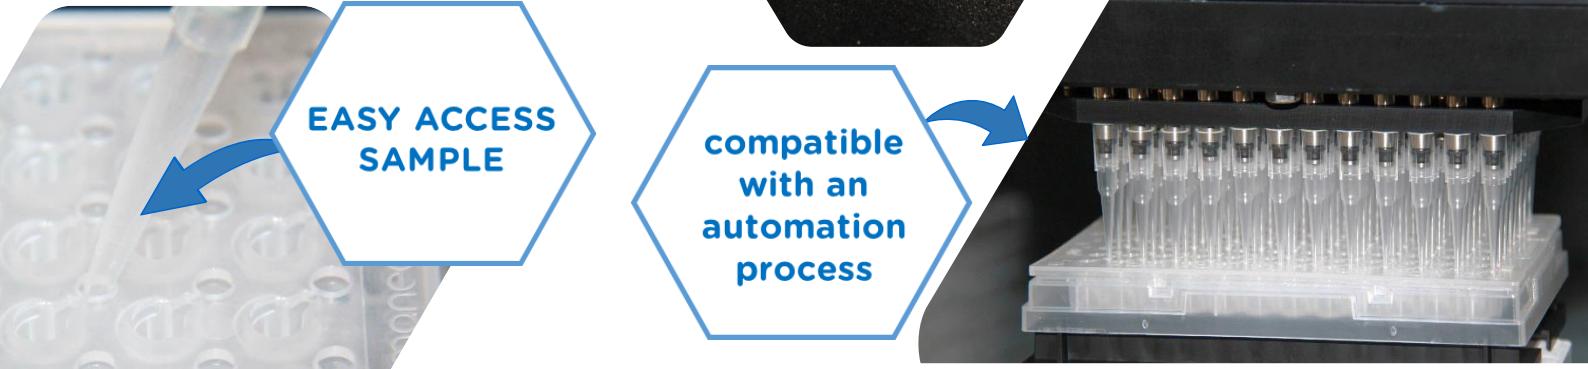

Innovative
sample plate
design

Closure with
evidence of
tampering if
forced to
open

EASY ACCESS
SAMPLE

compatible
with an
automation
process

Biomaneo

A single plate to facilitate the sharing of biological samples

NEOPLATE

Innovative Plate

Transport et analyse sécurisés des DBS

Orifice en communication avec le puits principal

Fermeture avec mise en évidence d'altérations

Un accès à l'échantillon sans ouverture du couvercle

Pastilles DBS bloquées dans le puits principal

Un design de plaque innovant

Couvercle spécifique et innovant

Un format compatible robotique
